LOCAL LEADERS CONGRATULATE ARTPARK

Just days before Artpark & Company's grand celebration of its 50th anniversary season, local elected leaders raised a glass to toast the Lewiston performing and visual arts venue.

Niagara County Legislature Chairwoman Becky Wydysh said, "Artpark is one of those very few institutions that become such a part of the community that you cannot imagine there was ever a time when it did not exist. For 50 years, Artpark has been a cultural centerpiece for Lewiston, Niagara County and all of Western New York — a beacon for those blessed with creative talents to indulge their passions while providing an opportunity for the rest of us to appreciate the fruits of their labor. And if that wasn't enough, we take in these artistic achievements in a natural setting that is beyond compare. Artpark is truly a treasure for our community, something that I hope will continue to be celebrated for many generations to come."

Assemblyman Angelo Morinello said, "Congratulations to Artpark on their 50th anniversary."

"Artpark is a staple in the arts, culture and entertainment

community. Western New York residents and visitors from all over the world have enjoyed Artpark's natural beauty, history and performances. The Earl W. Brydges Artpark was officially established in 1974, but many do not realize that the park is located on land of cultural and spiritual significance to Indigenous people. It is situated on land that was the first French Trading Post in the new world. Due to its beautiful scenery and location to Niagara Falls and the Niagara Gorge, this specific piece of land has been in continuous use for more than 2,000 years.

"There's nothing like enjoying a concert on a warm summer night, an art festival in the fall or a family graduation ceremony in the spring. It truly is a magical place, and I am beyond grateful that we all get to enjoy it. Here's to another 50 years!"

New York State Sen. Rob Ort said, "Congratulations to Artpark & Company for 50 years of being a huge part of Western New York. Artpark has brought some of the best musicians, artists and creators from around the world to our area. Their presence helps to add not only an economic benefit — but also one of culture to our community. I'd like to thank Interim President Dave

Wedekind and the entire team at Artpark for their dedicated work and wish them another 50 years of remarkable service."

Village of Lewiston Mayor Anne Welch said, "Congratulations to Earl W. Brydges Artpark State Park on their

50th year anniversary. It is a beautiful park in the Village of Lewiston and home to the Artpark performing arts, offering art, music, theater and family fun. Over the years, residents and visitors alike have enjoyed this scenic park nestled along the historical and picturesque Niagara

River. Whether hiking, biking, picnicking or attending concerts, graduations and events, Artpark has been enjoyed by many, and we are fortunate to have them in our village."
