Job change?

Whether retiring or changing jobs, you'll want to know your retirement account options.

There are four potential options for your 401(k) when leaving an employer:

- Leave it in your former employer's 401(k) plan, if allowed by the plan.
- Move it to your new employer's 401(k) plan, if you've changed employers and your new employer plan allows for it.
- Roll the account over to an individual retirement account (IRA).
- Cash it out, which is subject to potential tax consequences.

We can talk through your financial goals and find the option that works best for you.

Registration still open for 49th annual Greater Niagara Fish Odyssey

Destination Niagara USA Press Release

Anglers of all skill levels are invited to cast their lines in the 49th annual Greater Niagara Fish Odyssey, running from Aug. 16-25. The beloved fishing derby, showcasing the diverse angling opportunities in the Niagara Region, is still accepting registrations.

This year's event offers competition across multiple fishing categories in both adult and youth divisions. With seven categories to choose from, participants will have the opportunity to compete for impressive prizes and recognition in the beautiful waters of the Niagara Region. Whether you're a novice or a seasoned angler, the Greater Niagara Fish Odyssey welcomes all participants. Out-of-state and out-of-province anglers are encouraged to join in the excitement, as well. The youth division, free for those 16 and under, and adults can register for just \$10 for a one-day pass, making it easy to get in on the action.

The derby features several enticing rewards, including:

- ✓ A \$700 award for the longest

Niagara County switches website to '.gov' domain

Submitted by the Public Information Office

Niagara County Legislature Chairman Becky Wydysh announced the Niagara County

website has moved to the ".gov" domain. The county's website will now be www.niagaracounty.gov. Those who go to the old site, www.niagaracounty.com,

will automatically be redirected to the new site.

The federal Cybersecurity and Infrastructure Security Agency (CISA) has been urging government bodies to make this change.

"The public will see no difference in the new site, but for those who may recognize they have been redirected to a different URL, we want to be sure they knew this wasn't any sort of scam," Wydysh said.

CISA believes ".gov" helps the public know the website they are on is a bona fide U.S.-based government organization, thereby reducing uncertainty on the trustworthiness of the information. Only verifiable government organizations are eligible for .gov domains.

"The fact is, anyone, anywhere in the world, can set up a website with a '.com' or '.org' domain and use a name that can confuse people into thinking it is an official government site," Wydysh said. "CISA manages '.gov' and runs a vetting process to ensure only legitimate government entities are allowed to use the domain."
